

CALIFORNIA DIETETIC ASSOCIATION MEMBERSHIP DISTRICTS

The California Dietetic Association is divided into ten geographical areas which denote the regional Districts. These districts were formed to allow member participation at the local level; i.e. close to home. California is a very large state and involvement in and promotion of the profession best takes place when members can become involved where they live.

Membership at the district level is very beneficial not only to the individual member and the district, but also to the state and national associations. Benefits of district membership are many and some are listed below.

(Note: Some benefits are not always available)

- Career Opportunities/Job Announcements
- CPE Events close to home
- Leadership Skills Development
- Newsletters/Professional News
- Networking with professional colleagues
- Listserv discussion groups
- Mentoring programs
- Volunteer opportunities
- Marketing your products and services
- Opportunities to be a part of the professional team

The ten CDA District Dietetic Associations and their counties or locations are:

Bay Area (BADA) – District #1

- Alameda, Del Norte, Humboldt, Lake, Marin, Mendocino, Napa, San Francisco, Sonoma

Northern Area (NADA) – District #2
